

# JOURNAL OF THE NIGERIAN ASSOCIATION OF MATHEMATICAL PHYSICS

[TNAMP]

*New*  
Guidelines for  
contributors

*Manuscripts* should be submitted in triplicate copies along with a non-refundable fee of **₦2,000.00** (Two thousand naira only) in bank draft written in favour of Professor J.O.A. Idiodi, whose address appears below. Manuscripts can also be submitted via e-mail to the Editor-in-chief (see the e-mail address below) **Currently issues of the Journal appear every year in the months of January, March, May, July, September and November.** Articles are entertained all the year round but authors wishing their manuscript to be published in any of the journal issues should endeavor to submit their manuscripts at least two months earlier than the month of the Journal issue.

The submission of a paper implies *it has not been* published elsewhere, and it is not under consideration for publication with other journals. Once a paper is accepted, it is assumed that the author has ceded the copyright to the Nigerian Association of Mathematical Physics.

Manuscripts must be in English Language, should be typed in double spacing and should not exceed 20 typed A4 paper in length. Authors are urged to pay careful attention to symbols, which should be typed neatly and unambiguously, *using equation editor (NOT SYMBOLS) and separating equation number from the equation file and each equation statement should NOT BE GROUPEd and should be properly aligned to distinguish subscripts and superscripts. Any paper with mathematical equations, typed without using equation editor would not be accepted and equations should not be grouped as objects. All tables, figures and references must be cited in the body of the paper. Tables, figures and references should be numbered in the order in which they are cited in the text. All graphs and figures should be neatly drawn or plotted and bold enough in case of enlargement.*

The Standard International (SI) system of units should be used in all manuscripts. Unusual symbols, abbreviations or notations should be defined when first mentioned in the text.

*Authors should also submit CD (Compact disc, not diskette) containing their manuscripts done in Microsoft word 2003 and NOT in PDF. Authors should be sure that their soft copy is VIRUS-FREE, otherwise the paper would be rejected and any paper not on CD would also be rejected.*

Manuscripts should contain the following headings, where appropriate: **Title** (followed by the author's name, address, e-mail and phone number); **Abstract** (that is, a brief summary of the contents and conclusion of the paper, not exceeding 200 words); **Introduction, Theoretical analysis, Experimental work, Results and Discussion, Conclusion, Acknowledgement and References. The numbering of the headings and subheadings and references should be as in the Journal of NAMP.**

All papers will be acknowledged and refereed and papers once received will not be returned to authors Contributors of an accepted paper will be expected to pay a publication charge. As a result of the highly unstable economic climate, publication charges are subject to frequent review. Contributors of articles are therefore expected to liaise with the Editor-in-chief to obtain the most recent information on the charges they are to pay.

*Professor J.O.A. Idiodi,  
Editor-in-chief,  
e-mail address:jidiodi@hotmail.com,  
Department of Physics,  
University of Benin, Benin City,  
Nigeria.*

===== :

Three-Dimensional Stability Analysis Of A Uniaxially Compressed Polynomially Thick Rectangular Plates Using Energy Method	<i>Onyeka F C., Nwa-David C D.<sup>2</sup> and Okeke T .E.</i>	<b>115</b>
A Discrete Time EOQ Model For Delayed Deteriorating Items With Shortages	<i>Yakubu M.I. and Sani B.</i>	<b>125</b>
SEIR Model With A Vaccination Parameter Using Covid-19 As A Case Study	<i>Edet Uduak. Anietie and Etukudo Ini-Obong</i>	<b>135</b>
Feasibility Study Of Using PV System As An Alternative Back-Up Source Of Electric Power: A Case Study Of Zion Hostel, University Of Jos	<i>N.E.J. Omaghali, E.B. Ani, R.J. Pwajok and S.O. Anikoh,</i>	<b>143</b>
Neural Network Modeling Of Relative Humidity And Temperature Distribution Over Nigeria	<i>Ibeh G.F, Ibeh L.M., Ogbonna R.C, Ofoma J. N and Akande S</i>	<b>147</b>
Consequential Dynamics Of Violence: Mathematical Insights From Victims For Effective Control	<i>Sarki D.S., Atang T.I., Yilleng MA., Iliya G., and Sarki B.D.</i>	<b>159</b>
Effect Of Insecurity On Food Security: Mathematical Insights From Farmer-Herder Clashes In Nigeria	<i>Sarki D.S., Goyit, I., Sarki B.D., Yilleng M.A., Atang T.I., and Dikop, M.D.</i>	<b>167</b>
Effects Of MgO Nano Particles On Viscosity Of Transesterified Rapeseed Oil	<i>H. U. Jamo, E. Tolufase, F.U. Musa, U. I. Ismail, Aliyu S. A, and M.B. Abdullahi</i>	<b>171</b>
Effects Of SiO <sub>2</sub> Nano Particles On Physical Properties Of Transesterified Rapeseed Oil	<i>H. U. Jamo, A. M. Liman, Abdu S., I. D. Umar, M.A.Y. Hotoro, Z. A. Tambalo, S. Abdulkarim<sup>a</sup> and Ibrahim T. Salisu</i>	<b>177</b>
Numerical Analysis Of Temperature Distribution And Solidification Thickness Of Liquid Cast In The Mould Of Continuous Slab Casting	<i>Francis-Akilaki T.I. and Omoregie M. J.</i>	<b>185</b>
Spectrophotometric Analysis Of Coconut Oil In The Uv Region	<i>N.E.J. Omaghali and E.B. Ani</i>	<b>191</b>
Inferred Two-Dimensional Spatial Current Density Distribution From Magnetic Sources	<i>Akala A. O.</i>	<b>195</b>
